The Kawasaki KZ1300 - Classic Japanese Motorcycles ...

The Kawasaki Z1300 is a standard motorcycle unusual for its large-displacement 1,300 cc straight-six engine made by Kawasaki from 1979 to 1989. Previously referring to the Z1300 as an Autobahn stormer, when reviewing their 'Machine of the Year' competition results in 1979 after readers had voted for the Triumph Bonneville as the winner, UK weekly newspaper Motor Cycle News stated "Kawasaki, with their Z1300 — a superb example of technology by anyone's standards — have gone overboard in ...

Kawasaki Z1300 - Wikipedia

First unveiled at the Koln Show in September 1978, before the press were able to get their hands on the bike in November of the same year – at Malta for the Europeans and at Death valley, California for the Americans – the Z1300 was to wow both the press, motorcyclists and governments.

Classic Collectable: Kawasaki Z1300 Six - Bike Review

Kawasaki Z1300, 1979 - 1300cc Six cylinder £8,495 The Six Cylinder bike weighing 300 tons is something everyone needs to own once in a lifetime. To ride the beast is something special, so much torque on tap, a classic 70's design, with the widest tyre they had in those days, now you find them on 125cc bikes.

Model Overview History of the 1979-1989 Kawasaki KZ 1300 In the 1970s, Kawasaki was king of the large sport bike market with the 900 cc four-cylinder Z1, but Honda spoiled things in 1979 with their six-cylinder DOHC CBX Super Sport. Other competition from Japan stepped into the game as well as Yamaha built the XS 1100 and Suzuki the GS1000.
