Absent environments: Theorising environmental law and the city. January 2007; DOI: 10.4324/9780203945308

~~(PDF) Absent environments: Theorising environmental law ...~~

Offering a novel, transdisciplinary approach to environmental law, its principles, mechanics and context, as tested in its application to the urban environment, this book traces the conceptual and material absence of communication between the human and the natural and controversially includes such an absence within a system of law and a system of geography which effectively remain closed to environmental considerations.
