Biting the Hand that Starves You: Inspiring Resistance to ...

Biting the Hand that Starves You will be of great interest to both the professional and the layperson, written as it is in a highly intelligent but clear fashion, free of the stylistic murkiness that often clouds important works of research. By applying the highly effective methods of narrative therapy, the authors emphasize the very real potential for effective treatment of these devastating problems.

Amazon.com: Biting the Hand that Starves You: Inspiring ...

Biting the Hand that Starves You details a unique way of thinking and speaking about anorexia/bulimia. By having conversations with insiders in which the problem is viewed as an external influence rather than a part of the person, these therapists show how to bring the tactics of a/b into the open, expose its deceptions, break its spell, and encourage defiance of its tyrannical rule.
