Hayek economic theory and Keynesian economic theory are both schools of thought that employ different approaches to defining economic concepts. Hayek economics was founded by famous economist Friedrich August von Hayek. Keynesian economics was founded by economist John Maynard Keynes. The two schools of economic theory are quite different to each other, and the following article provides a clear outline of what each school of thought is, and how they differ to each other.

Keynes and Hayek: The Meaning of Knowing: The Roots of the ...

John Maynard Keynes and F.A. Hayek are two of the most controversial economic figures of the 20th century. Both made huge contributions to the field of economics and both stand in direct opposition to each other, which is one reason why they have presented such a fascinating juxtaposition over the last century. For Keynes, the government's involvement was integral to the field of macroeconomics, which treated the entire economy as one whole entity, rather than several individual moving parts.

Hayek Economics: Keynesian Economics: Central Theme: It sees a connection among business cycles, capital, and monetary cycles. It states that excess investment for the long term results in an economic bust, which is a healthy way of readjustment; however, the best way to avoid these busts is to deal with their causes beforehand.

Keynesian Economics Vs. Hayek Economics - Business Zeal

Hayek says business cycles are caused by "low interest rates" born of intervention, whereas Keynes wants to blame "animal spirits" loose in a market crying out for management. Keynes then gets his turn at explaining depression.

The Brilliance of That Hayek vs. Keynes Rap | Mises Institute

Abstract. J.M. Keynes and F. von Hayek had completely different views about the meaning of the term "uncertainty" as it was related to the concept of knowledge. Keynes viewed uncertainty through his concept of the weight of the argument, V, (a logical operator) and weight of the evidence, w (a mathematical variable).
