Human resource management is an approach to acquiring, training, controlling, managing, and measuring people resources, and human resource planning is a strategy to add value to a business or organization by supporting people activities like training, compensation, safety, and communication. Resource planning is associated with different industries and approaches as well, including the following:

Anjalee Wijewardane | ABE UK
Workforce planning practice. Practical workforce planning guidance to help HR and managers deliver a clear people strategy against changing organisational needs. People in charge of organisations, teams or projects have always needed to plan how activities will be accomplished. Such planning inevitably involves recruiting, training and deploying the people needed to get the work done.

get the right people for the organisation. Resourcing involves the attraction and selection of individuals into the right role at the right time and cost. It's about using relevant workforce planning data and knowing the right sourcing approaches and digital tools to tap into diverse candidate pools, both active and passive.
