Children's stories provide a great context for learning science. Explore our resource packages based around popular children's books and discover the science hidden in a book. Resources include book summaries, hints and tips for teaching the science and further stories on a similar theme. They are organised into three age groups:

Teaching science through stories / STEM

I absolutely love designing and developing science learning experiences for students that involve children's picture books! I've been lucky enough to have been involved with the NSTA Outstanding Trade Books selections, and most recently, the NSTA Best STEM Books program, which recognizes titles that are not "purely science" but that reinforce STEM thinking.
