Liddell Hart's jaunt through time is intended to support one basic thesis: in war, the indirect approach prevails over the direct every time. The indirect approach clearly owes its origins to Sun Tzu and is essentially a theory of maneuver, which makes "Strategy" valuable reading for maneuver warfare theorist and professional warrior.

Few authors have aimed as high as B.H. Liddell Hart has in Strategy. Through a systematic examination of every major conflict throughout human history, Liddell Hart attempts to show that all major victories are achieved through use of what he terms the indirect approach, and conversely, that every loss is due to the errors of a direct approach.
