it is a sign that you have probably overvalued it in relation to all the other books you could have read instead.

'The armchair economist' | plus.maths.org
I found the armchair economist a fantastic glimpse at the mindset of an economist and the effect economics has on us all. I am currently studying accounting and finance at university and used this book as a useful tool in understanding the economics modules which formed an intergral part of my course.

The Armchair Economist : Economics and Everyday Life by ...

About The Book. Air bags cause accidents, because well-protected drivers take more risks. This well-documented truth comes as a surprise to most people, but not to economists, who have learned to take seriously the proposition that people respond to incentives. In *The Armchair Economist*, Steven E. Landsburg shows how the laws of
