The Decision Making Network Carolina Academic Press  
Shared decision making (SDM) is a collaborative process in which the patient and provider share equally in making a decision about a treatment plan. We think of it as a meeting of two experts. The patient is the expert on their own values and preferences and the provider, or health coach, is the expert on the clinical knowledge.

Shared Decision Making - North Carolina Network Consortium  
Supported Decision Making is an understanding that some students/persons with # disabilities may need more support to make decisions. With Supported Decision-Making the supporter gives advice but the person with the # disability makes the final decision. Learn more, https://buff.ly/31NPxNF
