Women attending the antenatal clinic and antenatal day unit should follow the one-way system and the waiting area has been expanded into the former café to enable social distancing. Women staying overnight as an antenatal inpatient on Maple Ward can pre-book one-hour visits for one named birth partner with their midwife involved in their care on the ward.

Because alcoholic drinks  
come in different strengths  
and sizes, units are a way  
to tell how strong your  
drink is. It takes an  
average adult around an hour  
to process one unit of  
alcohol so that there's none  
left in their bloodstream,  
although this varies from  
person to person.
