The front-wheel drive Vauxhall Corsa was first launched in September 1982. Built in Zaragoza, Spain, the first Corsas were three-door hatchback and two-door saloon models, with four-door and five-door versions arriving in 1984. But despite of Corsa's global popularity it has never been available in Canada and in the United States.

Corsa D (2006 - 2014) As the outgoing model achieved mixed results over the years, most due to the lack of a real appeal, the new Corsa needed a fresh approach. For a start, it adopted a very different look, both inside and out. The overall shape and design elements of the new car had little to share with its predecessor.
